

October Highway Report -----2021

All oil and stone work is completed,as soon as oil bill is paid chip,s submission,s will be sent in right away. We are winding down summer work doing last minute list of odd,s and end,s before the snow flies,several roads have to be reworked and we still have a little gravel to haul.

Ash tree,s have become a real problem lately,and we are starting to remove them as necessary.

We will be putting up guard rail on watsonrd.,and also on NorthBranch Glendenning.

The oil and stone equated to about 4.25 miles this year with an approx. cost of about \$200,000 dollars. If everything goes all right we will try to do about the same in fiscal year 2022,roads slated for now will be some on Watson,some on steamtown ,Mulholland and welty.Chip Seal will be done on Maynard rd. and Presho School rd.
